ChipKey[®] On Demand

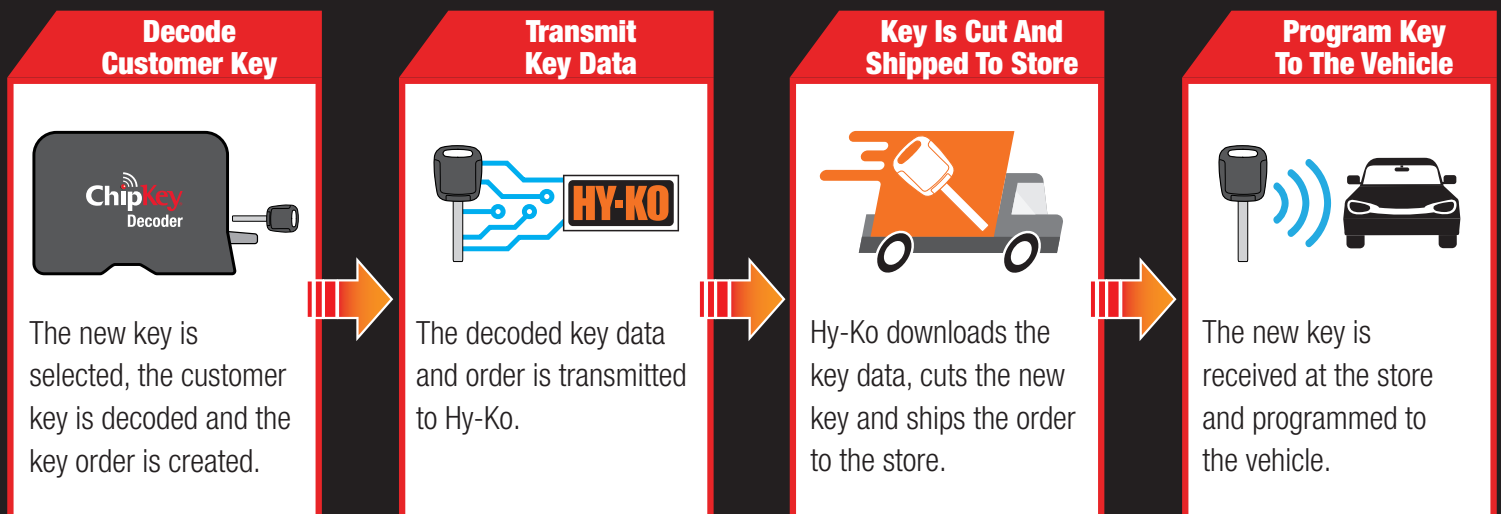

with the NEW ChipKey[®] Decoder

Access Hy-Ko's Full Line of ChipKey[®] Car Keys Without Investing In Sidewinder Key Cutting Equipment or Additional Inventory

- Eliminates the need for having a sidewinder key cutting machine in store!
- Keys ordered as needed, delivered to your store cut and ready to program!
- Adds over 60 million vehicles covered* without stocking any inventory!
- Provides quick and easy access to over 150 ChipKey[®] car keys! *
- Scans and identifies house, padlock and automotive keys
-both edge-cut and sidewinder!
- Compares original and new key and digitally validates new cuts!

How It Works

*Additional vehicle coverage and number of keys depends on the programming equipment at the retail location.
